It's a big world.

Someone has to pollinate it...

Amazing Pollinators is a visually-stunning, game-based, role-play adventure immersing audiences in the colorful and diverse world of pollinator/plant relationships. Developed in collaboration with the Florida Museum of Natural History and the Xerces Society for Invertebrate Conservation, the exhibit weaves fascinating stories with urgent messages about pollinators, the critical work they do, and their importance to people and planet.

"Very attractive and highly interactive. Older audiences get into the missions and younger families enjoy the maze environments. The Parlor Games are great for all ages."
